WELCOME

A path, *not a step.*

Chances are you've already watched the videos and taken a weekend class. If that had worked, you wouldn't be reading this catalog. And it isn't about you: real skill is built in stages, and your hands need time to understand what they are doing.

That is why our courses are not separate events but one system of steps. Everyone comes in with the foundation they have and goes as far as they need. For some, one detail pointed out at the right moment is enough. Others are better off starting from the beginning.

Our goal isn't to walk you through a curriculum. It is to bring you to a full understanding of the process, and to the point where your hands do the work almost automatically. We don't promise miracles. We simply know how this skill is built.

Irina Anderson

FOUNDER · LICENSED INSTRUCTOR

Licensed instructor and licensed manicurist (WA), Gelish® Certified Educator. Nearly twenty years in the profession: international training in the Netherlands, backstage at Mercedes-Benz Fashion Week in Moscow, and a NAILPRO World Cup placement. Today she also teaches as an instructor at Aveda Institute.

Sonia Gancheva

CO-INSTRUCTOR · ADVANCED SPECIALIST

Licensed manicurist (WA and OR). Irina's longest-standing student, who absorbed not only the technique but the whole philosophy behind it: the discipline, the patience, and the way a hand should look when the work is truly finished.

> Every course is taught in the Continental (Russian Style) Method™ on professional Gelish® systems, in our salon in Camas, WA. We also travel to teach; terms are discussed individually.

ONE STANDARD FOR EVERY CLASS

How our *education works*

These rules apply to every hands-on class. Where a course has a rule of its own, you'll find it on that course's page.

Class day: 10:00 AM – 5:00 PM

Six hours of instruction, a one-hour lunch break, two short breaks, and two extra hours to finish your work if needed and ask any remaining questions. Most people won't need all of it, but no one will be rushed out the door when the six hours are up. The Complete Nail Program and WA State Board Prep run 10:00 AM – 4:00 PM.

Small groups and a check-in

Before you book, you fill out a short questionnaire (about five minutes), and we confirm your place after a short conversation. We ask about your experience working on live hands, so we can see where you're starting from and prepare for it.

Any hands-on class can be extended

Where you start and where you want to go is different for everyone. We decide on it together at your check-in or after your first day.

ADDITIONAL DAYS	ALL COURSES	CONTINENTAL PEDICURE 101
First three days	$500 a day	$625 a day
Each day after that	$350 a day	$450 a day

The later days cost less because by then you're working largely on your own, with us checking and correcting rather than guiding every move.

Your own models

You bring your own models to every class, usually family or friends, and this is deliberate. A model you know will come back, show you how the work held up, and tell you if something felt wrong a few days later. A stranger leaves, and you never find out what was right. Need help finding one? We'll help.

Tools and your e-file

We work on Gelish® systems. If you have your own e-file, bring it: every handpiece has its own weight and vibration, and muscle memory doesn't transfer cleanly from someone else's. No machine yet? We'll provide one.

Theory on YouTube

Our theory videos are free to watch on our YouTube channel, @NailEvolutionPro. Watching them before class helps you get more out of your day at the table.

Certificate of Completion

Every hands-on class ends with a Certificate of Completion from Nail Evolution. This is advanced professional training, not a licensing program; hours cannot be applied toward state licensing.

Payment plans

Pay in four interest-free installments with Afterpay at checkout. For amounts over $2,000 (the Afterpay limit), we'll send an invoice with a payment plan.

Cancellation and rescheduling

Full refund if you cancel 30 or more days before class, less the 2.9% processing fee. Within 30 days, tuition is non-refundable, but you can reschedule once at no cost.

WHERE TO START

Every path begins *with your goal*

Not sure where to begin? Find what you're trying to do on the left. The highlighted row is the most common way in. If your goal isn't here, fill out our questionnaire and we'll point you to the right step.

The foundation *of the method*

Classic work, the e-file manicure and the pedicure. Every course page follows the same structure, so you can compare them at a glance.

Wet (Russian Style) Manicure 101

IN PERSON · 1 DAY · $650 · PHASE 1

WHO IT'S FOR	Technicians who want a reliable classic manicure and clean hand work at the cuticle.
WHAT WE COVER	Cuticle work by hand with nippers; a BareLuxury™ hand spa treatment; a flawless Morgan Taylor® lacquer finish, color-matched to the Gelish® range.
BRING	Your own model.
NEXT	→ E-file Manicure 201, to move into e-file technique.
ENROLL	Enroll online →

E-file Manicure Intensive

IN PERSON · 1 DAY · $650 · NO PREREQUISITE

One bit. That's it. One day won't make you fast. It will make you safe.

WHO IT'S FOR	Confident technicians who want to quickly refresh or reinforce what they already know.
WHAT WE COVER	Bit anatomy: how it's built, how it cuts, and why one is enough; working on both nail plate and skin, the cuticle and the keratinized tissue of the fold; how deep is deep enough, and how to feel that line; hands-on practice on your model, corrected in real time. Coating application is not covered in this class.
INCLUDED	Your bit and nippers, both yours to keep, and a welcome gift from Gelish®.
BRING	Your own model, and your own e-file if you have one.
SPECIAL RULE	The Intensive counts as day one of 201. Come back within two weeks, while your hands still remember, and your $650 goes toward 201, so you pay the remaining $1,250. Within three months of the Intensive, any other course of ours is 15% off.
NEXT	→ E-file Manicure 201.
ENROLL	Enroll online →

E-file (Waterless / High-End) Manicure 201

IN PERSON | 3 DAYS | **$1,900** | $1,250 WITHIN TWO WEEKS OF THE INTENSIVE | OPEN TO ALL

The Intensive makes you safe with one bit. 201 is where that becomes your manicure.

WHO IT'S FOR	Technicians who are committed to learning this properly and ready to bring their e-file manicure to a consistent level. Come straight in, or start with the Intensive.
WHAT WE PRACTICE	The full e-file manicure, start to finish, with one bit and a pair of nippers; reading the nail and skin in front of you, and adjusting depth and pressure to them; clean cuticle and fold work without over-filing or injury; the same clean result on every hand, not just the easy ones; finishing with classic polish, then gel polish and strengthening.
INCLUDED	Your bit and nippers, both yours to keep, and a welcome gift from Gelish®.
BRING	Your own models.
SPECIAL RULE	After three days, we'll tell you honestly whether you're ready to work on your own or whether more time will make the difference. Additional days follow the general rule.
NEXT	→ Gel Manicure & Overlay for lasting color and strength; the Refinement Intensive if, later on, you want a correction.
ENROLL	Enroll online →

ENROLL	Enroll online →

SUPPORT · INDIVIDUAL

Three levels of *one-on-one work*

From a conversation online to a full day with your hands corrected throughout. One-on-one formats have their own rate, so the general extension rule doesn't apply here.

	Private 1:1 Online	Refinement Intensive	The Nail Lab
FORMAT	Online	In person	In person, private
LENGTH	1 or 2 hours	2 or 4 hours	1 day
PRICE	$125 / $250	$250 / $425	$900
WHAT HAPPENS	We look at your work, break the technique down and explain what's going wrong.	A short, hands-on correction of your e-file technique.	Your technique diagnosed step by step, and every move refined on the spot.
CHOOSE IT WHEN	Your question can be answered by looking at your work and talking it through.	You're almost there and need the last push.	The problem goes deeper and needs a full day of practice.

Private 1:1 Online

You fill out an intake form before the session, so we can look for the likely cause and come prepared. One session, one main topic, and you leave with a concrete next step. In English, Russian or both.

→ Need your hands corrected? Refinement Intensive or The Nail Lab.

Refinement Intensive

For experienced technicians who feel almost there. A good first step if you're not yet sure you need a full course. Bring your own model.

→ If you need a system, not a fix: the E-file Intensive or 201.

The Nail Lab · Private

A full day built around one problem you already have: lifting, breaks, uneven application, dull cuticles. We work on the products already in your kit, and you leave with a clear action plan.

→ A follow-up online session a couple of weeks later, to check the result.
